Tateyama Kurobe Geopark Association Collaboration Project (1) Tateyama's Scenery as Pictured in Tateyama Mandara Why not come and learn about the beliefs of Tateyama that have been passed down since ancient times from a lecturer and head curator in the closely connected Murodo-daira area?		Yasuhiko Takano, Tateyama Museum of Toyama Lecture Venue: Center 1F Lecture Room Place of Observation: Murodo-daira Area Pre-registration Limit: 30
8/7 (Sat.)	Tateyama Kurobe Geopark Association Collaboration Project (2) The Characteristics of the Distribution of Plants in Tateyama -The Effects of Topography and Snowfall- Why not come and learn about the relationship between the topography and plants of this high mountainous area which experiences heavy snowfall from a lecturer who is also an advisor for the Tateyama Caldera Sabo Museum? Your opinion of Tateyama may change after this observation.		Hisashi Sugita, Tateyama Caldera Sabo Museum Lecture Venue: Center 1F Lecture Room Place of Observation: Murodo-daira Area Pre-registration Limit: 30
9/11 (Sat.)	Microparticles in Clouds and the Atmosphere Why not come and see Tateyama from the skies, learning about the microparticles (aerosols) that float in the clouds and atmosphere from a lecturer who is also a caretaker at the Tateyama Research Lab, University of Toyama, located at Mt. Jodo?		Kazuma Aoki, Aeronomy Research Office, University of Toyama Lecture Venue: Center 1F Lecture Room Place of Observation: Murodo-daira Area Pre-registration Limit: 30

Precautions

- ☆Exhibitions, lectures, and nature observations are free. *Affiliation as of March 2021
- ☆Walk-in registrations are done in front of the lecture room. Please give the receptionist your name.
- ☆Nature observations are scheduled to end around 12:30. *You may choose to leave midway.
- ☆Those who pre-registered for the nature observations will receive their ticket discount coupon via mail. This coupon can be used from
- ☆Those who are already in Murodo-daira for sightseeing or mountain climbing can also participate. *No fare discount for said individuals. (Please make an inquiry to the receptionist on the day of the event. Please note, however, that this is intended for individuals and that group applications are not accepted.)
- ☆Since the event will be held in a high mountainous area, it will be canceled if circumstances such as bad weather deem it unsafe.
- ☆Deadline for registrations is one week before the event, first-come-first-served. Via phone only. (Phone: 076-463-5401, 8:30~17:00, Applications start on March 10. Closed during winter except on Saturdays and Sundays.)
- *Closed during winter until April 14

★We kindly ask that you follow countermeasures to stop the spread of the coronavirus.

Please contact the Tateyama Nature Conservation Center for details.
